

# New news from the Actors Fund

The Actors Fund is pleased to announce the Career Transition For Dancers grant program for 2019, plus a remote orientation process beginning 2.28.2019.

New this spring, dancers with at least 5 years professional performing experience can apply for Professional Development grants (\$1,000), which can be used to create a non-dance income as well as build marketable skills.

Scholarships for undergraduate (up to \$2,000) and graduate degrees (up to \$5,000), are also offered to dancers with at least 7 years professional dance experience.

To learn about additional application criteria as well as the range of services offered by The Actors Fund, dance professionals can register for a bi-weekly [national dancer orientation](#).

All dancers, from early career to mid-career to retired from performing, can work with career counselors – at no cost – in person or remotely.
